New! High Quality Heat Lamps by Spring USA!

Maintain food quality and appearance these durable, attractive heat lamps from Spring. These lamps feature:

- Mirror polished or brushed 18/10 Stainless Steel construction is easy to maintain while providing an extending service life. Unlike brass or chrome plated lamps, the Spring heat lamps do not dent or scratch easily with no plating to peel off.
- Easy lamp positioning with pivoting arms and thumb screw adjustments.
- Stainless Steel lamp arms won't sag with time like flexible tubing and are easy to clean.
- The carving station features dual lamps, removable base and reversible marble cutting board. Available in 3 colors: pearl, emerald and graphite. The marble base can be chilled for cheese or dessert.
- UL approved for commercial using standard 250 watt heat lamp bulbs. Bulbs are not included.

As in the past, Spring brings you the future! With a history of unique innovation in Induction Ranges, Cookware, Servingware and Buffets, Spring USA is the leader in new ideas for front of the house service. Contact Spring USA at 1-800-535-8974 or www.springusa.com
